

Bluebirds Battle Hard, But Seahawks Take the Win—All Eyes on the Eagles

The Durbanville Bluebirds laced up their tekkies and stepped onto the court for their first competitive match of the 2025 DNL season, facing off against a tough Stellenberg Seahawks side at Fairmont. From the opening whistle, they showed their fighting spirit.

On attack, Leandri led the charge, skillfully working the ball into the goal circle where Anna and Lin battled fiercely to convert chances into points. On the defensive end, Jané and Carli stood strong, making sure the Seahawks had to work for every goal. But an unpredictable wind made things tricky, disrupting plays and forcing both teams to adapt on the fly.

Despite their grit and determination, the Bluebirds had to concede defeat, with Stellenberg taking the win 24-14. But if you think the scoreline tells the full story, you'd be mistaken. This may be Durbanville's second team, but they have the heart and fire of champions. They sent a clear message today: they are here to compete, to grow, and to fight for every opportunity.

Tomorrow, they face the Fairmont Eagles, a team that ended the day with one win and one loss. Sitting just ahead of the Bluebirds in the standings, the Eagles will be looking to solidify their position—but the Bluebirds have other plans. They've shown they can go toe-to-toe with tough opposition, and they'll be coming back determined to make their mark. Expect them to fight for every ball, every point, and every chance to show what they're made of.

Disclaimer: This match report focuses on the Durbanville Bluebirds' perspective, based on the information available at the time of writing. Details from the Stellenberg Seahawks' side were not included, but if and when we receive additional insights, we will either update this report or provide a separate note on their behalf.
